## our commitment

### NEW CHALLENGES

Home Spirit has decided to move its expertise and commitment to the United States in 2022 with the opening of a showroom in Miami to serve customers.

### A LOCAL COMMUNITY

At the heart of a French Made approach, we buy 80% of our supplies within 100 km around the factory. We favour the local anchoring of our employees and craftsmen, as well as suppliers and partners on a human scale, involved in a process of maintaining local employment and social responsibility.

### AN ENVIRONMENTAL RESPONSIBILITY

The production guarantees a commitment to quality (solidity, safety, compliance with standards), sustainability (recovery and recycling of the main material scraps, solid wood from sustainably managed forests, chipboard and hardboard made from 100% recycled wood). Home Spirit is also firmly committed to limiting its environmental footprint as much as possible (limitation of processing energy, use of water-based glue, absence of heavy metals, marking to facilitate recycling).

### STYLE AND COMFORT

We are constantly on the lookout for the evolution of styles and trends, to offer you exclusive designs to fit harmoniously into any interior, whether in the countryside, by the sea or in the city. We guarantee seating and sleeping comfort that is among the most efficient on the market.

## nuestro compromiso

### NUEVOS RETOS

Home Spirit ha decidido trasladar su experiencia y compromiso a Estados Unidos en 2022 con la apertura de un showroom en Miami para atender a los clientes.

### UNA COMUNIDAD LOCAL

En el corazón de un enfoque French Made, no parece necesario compramos el 80% de nuestros suministros en un perímetro de 100 km de la fábrica. Favorecemos el anclaje local de nuestros empleados y artesanos, así como de nuestros proveedores y socios a escala humana, implicados en un proceso de mantenimiento del empleo local y de responsabilidad social.

### UNA RESPONSABILIDAD MEDIOAMBIENTAL

La producción garantiza un compromiso con la calidad (solidez, seguridad, cumplimiento de las normas), la sostenibilidad (recuperación y reciclaje de los principales restos de material, madera maciza procedente de bosques gestionados de forma sostenible, tableros aglomerados y duros fabricados con madera reciclada). Home Spirit también se compromete firmemente a limitar al máximo su huella medioambiental (limitación de la energía de transformación, uso de pegamiento de agua, ausencia de metales pesados, marcado para facilitar el reciclaje).

### ESTILO Y CONFORT

Estamos constantemente atentos a la evolución de los estilos y las tendencias, para ofrecerle diseños exclusivos que se integran armoniosamente en su interior, ya sea en el campo, junto al mar o en la ciudad. Garantizamos un confort de asiento y descanso más eficiente del mercado.

Designed & made in France

**biarritz**

One arm element left, corner element, 3 seats element, single element, long chair right, newlin blanc

# biarritz

depth 100 cm / 39.4 inch

Raw materials and driftwood, light shades and naturalness; linen's elegant simplicity goes hand in hand with the beautiful luminosity of contemporary interior design.

Materiales crudos y suelo de madera flotante, tonos claros y naturalidad: el lino inscribe su elegante simplicidad en la belleza luminosa de los interiores contemporáneos.

# monaco

depth 100 cm / 39.4 inch

Painted bricks and waxed concrete; the softness of the plant fibre warmly complements the ultra-modernity of a decor which focuses on monochrome shades and industrial codes.

Los ladrillos pintados, el hormigón pulido y la suavidad de la fibra vegetal completan con calidez la ultramodernidad de una decoración, que privilegia la monocromía y los códigos industriales.

## THE COMFORT OF FEATHERS : OUR TRADEMARK.

Designing and manufacturing according to the highest French standards would be nothing without a unique expertise in seating. The back cushions are filled with feathers and our seats are made using highly resilient foam covered in a 100% feather cover, assembled on Nosag springs, a reference for upholstering equipment.

## EL CONFORT DE LAS PLUMAS, NUESTRA MARCA DE FÁBRICA.

El diseño y la fabricación según los más altos estándares franceses no serían nada sin un saber hacer único en materia de asientos. Los cojines de respaldo son 100 % plumas y nuestros asientos están realizados con una espuma de alta resiliencia recubierta por un edredón 100 % plumas, todo ello montado sobre resortes Nosag, una referencia en materia de equipos de tapicería.

## LINEN : RESPONSIBLE FARMING.

This plant fibre, mainly grown in France, is especially appreciated for its environmentally responsible properties. In fact, its production does not require any other irrigation other than natural irrigation, does not use any GMOs or any chemicals when transformed into fibre or thread and does not produce any waste.

## LINO : UNE CULTURA RESPONSABLE

Esta fibra vegetal, cultivada principalmente en Francia, es especialmente apreciada por sus propiedades de responsabilidad ambiental. De hecho, su producción no requiere ningún otro tipo de irrigación que no sea la natural, no utiliza ningún OMG ni ningún producto químico cuando se transforma en fibra o hilo y no produce ningún tipo de residuos.
